

PALA'S PHYSICAL ADDRESSING EDUCATION AND COORDINATION PROJECT UPCOMING COMMUNITY MEETINGS

As you may know, COVID-19 halted our efforts to bring Pala's physical addressing issues to the Community for discussion last year.

Pala GIS and the Pala Fire Department are resuming our Community Meetings to discuss the Pala's Physical Addressing system, 9-1-1 system and the

transition of old 4-digit and incorrect physical addresses to the existing 5-digit system already in place on Pala. This transition will be taking place later this year into early next year.

Four community meetings will be held on two dates to address your questions, concerns and to get your feedback. Morning and evening meetings are being held to ensure everyone has the opportunity to attend.

If you have any questions, please feel free to contact Matthew Deveney, GIS Specialist at mdeveney@palatribe.com or call (760)891-3512.
